HEY, GOT A CARGO CLAIM AND NEED SOME HELP?

**America's Needs
Move by Truck
&
Truck Wrecks Happen...**

...Every Day

- In every state & province in North America
- They happen in good weather & bad
- And they cost insurance & trucking companies lots of money

OUR MOTTO: THE IMPOSSIBLE WE DO RIGHT AWAY, THE REST MIGHT TAKE A DAY OR TWO.

If you are a Risk Manager or Cargo Claims Adjuster or Cargo Surveyor and sell your own salvage:

We Buy Distressed & Damaged Cargoes and we would like to be on your Bidders List.

If you are a Field Adjuster, Desk Adjuster, Independent Adjuster, or a Cargo Surveyor, and typically use a Traditional Salvor like Mentuck & Associates, Inc. with warehousing, trucking and labor immediately available and with 50 years of reconditioning and repacking experience:

We Sell Distressed & Damaged Cargoes for and on behalf of our clients and we would like to handle your problem cargoes for you on a commission and expense basis.

There is a difference - We are Pro-Active Salvors:

We don't just put your salvage up on the Internet and wait for the bids to come in. We actively work on whatever you have to sell with known buyers throughout the world. Chances are we have someone close to your Cargo wherever it may be.

You need and deserve someone with experience:

We have over 50 years in the Salvage and Appraisal business & we are Licensed Auctioneers.

Give us a try, you won't be disappointed and you will be surprised at how fast we can react to your rejected or refused cargo problems.

I'll answer the phone, take the information, and get started on your project right away and typically will have some answers for you within hours of your initial call.

Dry Cargo, Refrigerated Cargo, Wet & Dry Bulk Commodities, Containerized Cargo, Refer Breakdowns, Recovered Thefts, Mold & Mildew Claims:

We handle it all and get you the best recoveries possible no matter what the Cargo or how it was damaged.

Thanks for considering us and I look forward to your call.
